Subject: McCormick County Water and Sewer

### SUMMARY OF TELECON

I spoke with Mr. Harold Brewer of McCormick County Water and Sewer. He said that McCormick County purchases their water from three different sources, 1) McCormick Commission of Public Works (CPW), 2) Columbia County, Georgia, and 3) Calhoun Falls, South Carolina. The majority of their water comes from McCormick CPW which has an intake on the Little River basin. Columbia County, Georgia provides water for a small subdivision in McCormick County called Fury Plantation. Calhoun Falls provides water for the Savannah Lakes portion of McCormick County. Attached is a distribution map received from Mr. Brewer.
